## SUMMARY

Projects Manager with over 14 years of experience leading large-scale construction, infrastructure, and power projects across Saudi Arabia and Egypt. Successfully delivered major landmark projects, including the Berenice Military & Civil Airport valued at EGP 650M, the Compound of 345 Villas valued at SAR 350M, and the 500/220 kV Electrical Substation worth EGP 290M. Possesses advanced expertise in contract management, strategic planning, cost control, risk management, and quality assurance, with a proven track record of completing high-value projects on time and within budget. Recognized for strong leadership, exceptional negotiation abilities, and sound strategic decision-making skills.

## EXPERIENCE

- Projects Manager

10/2022 - Present

AI-DEYABI Group for Construction– Riyadh, Saudi Arabia

  - Led and managed the construction of a luxury residential compound comprising 85 villas, from initial planning to final handover, ensuring on-time delivery within a SAR 170M budget.
  - Developed strategic workforce and resource management plans, improving productivity by 15% and reducing material waste.
  - Directed tendering and supplier negotiations, successfully reducing project costs by 10% without compromising quality.
  - Implemented strict progress monitoring systems, achieving 100% project completion with zero schedule delays.
- Project Manager

10/2019 - 10/2022

AI-DEYABI Group for Construction – Riyadh, Saudi Arabia

  - Led project workforce planning and strategic decision-making, ensuring optimal resource allocation that improved overall productivity by 15%.
  - Directed project scheduling, budgeting, and execution, achieving 100% on-time delivery within the approved SAR 170M budget.
  - Coordinated supplier and subcontractor operations, successfully reducing procurement delays by 20% and improving workflow efficiency.
  - project
- Construction Manager

11/2017 - 10/2019

Madkour Contracting Co. | Cairo, Egypt

  - Supervised the execution of a 500/220 kV power station project valued at EGP 290M, overseeing design, planning, and commissioning phases.
  - Introduced enhanced quality assurance mechanisms through weekly performance audits, reducing execution defects by 20%.
  - Directed and coordinated a workforce of 250+ engineers and technicians, ensuring seamless integration of civil, electrical, and mechanical works.
  - Designed and implemented short-term project schedules, achieving consistent progress exceeding planned targets by +5% monthly.
- Senior Civil Site Engineer

06/2016 - 11/2017

Hassan Allam Construction – Cairo, Egypt

  - Contributed to the Berenice Military & Civil Airport Project (EGP 650M), conducting advanced land surveys and optimizing site execution, reducing field errors by 25%.
  - Monitored project budget and cost deviations, enabling early corrective actions and cost control.
  - Oversaw quality control systems on-site, ensuring zero rework cases and saving millions in additional costs.

Construction Manager

Abdullah Albarrak Ltd – Dammam, Eastern Province

- Implemented safety and productivity initiatives, achieving a 20% reduction in incidents and enhancing site efficiency.
- Led negotiations and pre-installation meetings with contractors and suppliers, ensuring smooth project progression and optimal outcomes.
- Developed and executed short-term work plans, holding weekly progress meetings that secured 100% on-time delivery.

Civil Site Engineer

Al-Safaa Co. – Cairo, Egypt

- Prepared comprehensive risk assessment reports, enabling proactive management decisions and minimizing potential losses.
- Conducted material quality inspections, achieving 10% cost savings compared to initial project estimates.
