---

## **Professional Summary**

Detail-oriented and solution-focused Laravel Developer with over 6+ years of hands-on experience in backend and full-stack web development. Proficient in PHP, Laravel, MySQL, HTML5, CSS3, Bootstrap, JavaScript, and React.js, with a strong foundation in MVC architecture, RESTful APIs, and third-party integrations. Adept at developing scalable web applications with clean, maintainable code. Proven ability to work in fast-paced environments and deliver high-quality results aligned with business goals.

---

## **Professional Experience**

### **Laravel Developer**

SmartTech Solutions – Riyadh, Saudi Arabia

 **March 2023– Nov 2024**

- Built and maintained multiple B2B and B2C web applications using Laravel 10, Livewire, and Vue.js.
- Integrated ZATCA-compliant e-invoicing, payment gateways (PayTabs & STC Pay), and real-time notification systems.
- Participated in software architecture planning and sprint-based development (Agile).
- Developed secure REST APIs for mobile app integration.
- Enhanced page speed and reduced server response time by optimizing queries and Laravel caching.

### **Full Stack Laravel Developer**

Digital Arabia Co. – Jeddah, Saudi Arabia

 **Feb 2022– Feb 2023**

- Led full-stack development of CRM and HR solutions tailored for the Saudi market.
- Utilized Laravel, React.js, and MySQL to build dynamic dashboards and custom modules.
- Implemented multi-language (Arabic/English) support across all applications.
- Collaborated with cross-functional teams to deliver ERP extensions and internal APIs.
- Maintained Git-based version control and CI/CD pipelines using GitLab.

### **Laravel Developer**

TechSolutions Arabia – Riyadh, Saudi Arabia

 **Jan 2021 – Jan 2022**

- Developed and maintained scalable web applications using Laravel 10, Livewire, and REST APIs.
- Led migration of legacy PHP systems to Laravel framework.
- Integrated Twilio, PayTabs, and ZATCA-compliant APIs.
- Worked in Agile sprints, code reviews, and testing cycles.
- Mentored junior developers on Laravel best practices.

### **PHP / Laravel Developer**

IT Artificer – Peshawar, Pakistan
