Work Experience

Civil Engineer

Al Dahami Company-Riyadh

February 2024 to Present

Spearheaded design and implementation of road infrastructure for a high-traffic urban corridor, ensuring alignment with Saudi Aramco and MOMRA standards.

- Conducted geotechnical assessments and traffic flow analyses to optimize lane configurations and minimize environmental impact.
- Collaborated with contractors and government stakeholders to resolve design discrepancies, reducing project delays by 15%.
- Managed a team of 12 technicians, overseeing daily site operations and enforcing strict adherence to safety protocols.
- Prepared progress reports and budget forecasts, achieving 98% compliance with financial targets.

Civil Engineer

Bright vision trading co-Doha

March 2021 to December 2023

Evaluated traffic volume studies to validate highway designs, improving accuracy by 20%.

- Coordinated with project managers to develop cost-effective solutions, saving 10% in material costs.
- Ensured compliance with Qatar's highway specifications for lane widths, drainage systems, and noise pollution controls.

Junior Civil Engineer

BACS(Consortium)-Riyadh

January 2015 to December 2020

Managed construction of 176 KM metro lines (85 stations), completing 95% of tasks ahead of schedule.

- Supervised technical drawing reviews and quality inspections, reducing rework by 25%.

- Led a team of 20+ Supervisor, prioritizing assignments to meet deadlines and budget constraints.

Assistant Civil Engineer

Habib Rafiq limited-Islamabad

March 2013 to December 2017

Conducted quality control inspections for highway interchange construction, achieving zero safety incidents.
