WORK EXPERIENCE

WAREHOUSE ADMINISTRATOR

SHALFA INTERNATIONAL · Saudi Arabia -Mar 2019 - Present

<https://shalfa.sa>

KEY RESPONSIBILITIES:

- **Inventory Management:** Proficient in handling stock movement, from inbound receipt to outbound delivery, utilizing both physical and digital inventory management systems.
- **Logistics Coordination:** Expertise in coordinating with third-party logistics providers (3PL) for warehousing, transportation, and ensuring seamless delivery operations.
- **Documentation and Reporting:** Diligently manage administrative tasks including reporting, documentation, archiving, and preparation of various reports for management review.
- **Customer and Vendor Support:** Provide support to sales and service teams by facilitating customer and vendor creation forms, and ensuring timely delivery of goods.
- **Conflict Resolution:** Proactive in identifying and addressing operational challenges, working closely with team leaders to resolve issues and maintain smooth workflow.
- **Communication:** Skillfully communicate with internal teams, suppliers, and customers to ensure accurate information flow and timely resolution of queries.

- Financial Support: Collaborate with finance departments for closing monthly invoices, supporting payment collections, and maintaining records of proof of deliveries.
- Cold Chain Management: Lead the cold chain delivery process, ensuring the integrity of temperature-sensitive products during transportation, and managing related packaging materials.

ACHIEVEMENTS:

- Successfully optimized fleet dispatch operations across the Kingdom of Saudi Arabia, resulting in cost savings and improved delivery efficiency.
- Streamlined logistics activities and insurance processes, enhancing overall operational effectiveness.
Played a pivotal role in implementing and managing the cold chain delivery process, ensuring compliance with quality standards and regulations.
- Received recognition for outstanding performance in conflict resolution and communication, contributing to a harmonious work environment and improved team collaboration.

CORE SKILLS

-
- Good Team Skills: Ability to collaborate effectively with colleagues and work seamlessly in a team environment.
 - Leadership: Strong leadership skills with a proven track record of guiding teams and driving results.
 - Instruction Execution: Ability to fully carry out instructions accurately and efficiently.
 - Temperament Management: Skilled in managing temperament and maintaining composure in high-pressure situations.
 - Multitasking: Ability to multitask and prioritize effectively in a fast-paced environment.
 - Manufacturing & Supply Chain Expertise: Extensive knowledge of manufacturing processes and supply chain operations, including logistics planning and supply chain monitoring.
 - Analytical Skills: Proficient in analyzing information to make data-driven decisions and optimize processes.
 - Report Generation: Experienced in generating detailed reports to track performance, assess risks, and improve logistics management.
 - Logistics Management: Strong understanding of logistics management, ensuring the smooth flow of materials and goods throughout the supply chain.

MEASURABLE RESULTS

- Optimized Inventory Accuracy
- Process Streamlining
- Cost Reduction
- Improved Safety Compliance
- Enhanced Reporting & Communication
